

## LESSON – 18

### THE WORLD AROUND US

A. Fill in the blanks.

1. The day and the night sky look **different**.
2. When the sun rises, it is **day**.
3. We see the moon and the stars at **night**.
4. When it rains, we wear **raincoats**.
5. When it is **cold**, we like to sit outside in the sunlight.

**B. Write True or False.**

- |   |              |
|---|--------------|
| 1. We see the sun at night.                 | <b>False</b> |
| 2. The shape of the moon changes every day. | <b>True</b>  |
| 3. We see stars only during the day.        | <b>False</b> |
| 4. The weather stays the same every day.    | <b>False</b> |
| 5. We like having ice cream in hot weather. | <b>True</b>  |

**C. Answer the following questions.**

1. What is the sun?

Ans. Sun is a big ball of fire that gives us heat and light.

2. Why do stars look so small?

Ans. Stars look so small because they are far away from us.

3. What is weather?

Ans. Weather is the condition of the air of a place at a particular time.
